

WORKSITE FORM -TRAINEES

In accordance with the Codex - Book X – Title 4. - Protection of trainees

WORKSITE FORM -TRAINEE

Name generic risk analysis: RIE_FTI_EICT

If individual RA: Calders, Bas

The worksite form is a result of the risk analysis of the trainee post and should be completed and signed before the start of the traineeship.

- *Based on the obtained information, the trainee is informed about the content of the tasks, the risks of the trainee post and the preventive measures that should be taken (including personal protective equipment and work clothing).*
- *This form is a document in which the training organization writes down health and safety information and communicates it to the trainee.*
- *This communication should be done both orally and in writing.*
- *In case of questions, problems or an accident, this information will serve as reference to determine whether the agreements have been followed and the actual tasks are in line with the agreed-upon assignment.*

All parties involved in the training agreement, must sign this document hereby indicating that, upon arrival, all necessary information was exchanged in order to complete the traineeship safely.
